

FUSION 40

Comfort - Performance - Style - Security

A new revolution for catamarans

Designed by Australian architect Gary Lindgard.

Graceful lines and seamless construction.

High freeboard, high bridge deck clearance wide beam, & powerful rig.

Construction using leading modular vacuum infusion technology.

Wide and light boat (7.2 meters for less than 5 tons).

The Fusion 40 stands alone as a truly affordable high performance cruising catamaran

The 'Fusion 40' has proven to be one of Australia's most popular Catamarans, with over 55 sold world wide in the last 4 years. It's success has been contributed to the companies high standards, experience in multihull design, and the innovative assembly ideas employed by the companies technical staff.

Fusion uses only the best materials in each of their components meaning you have the peace of mind that your vessel will last for many years and hold its resale value.

All the Fusions components are built to CE Class "A" Ocean Going Certification and the vessels are being used extensively around the world as commercial charter vessels proving their adaptability, safety and long term reliability.

The Fusion 40 assures the strongest, lightest, safest performance cruising catamaran on the market.

Enjoy the lifestyle you deserve, exploring calm and secluded shallow bays, creeks & estuaries, entertaining, relaxing, whatever you want to do. This catamaran will share adventures of a lifetime and unforgettable memories with you. You will have the knowledge that you will be joining the growing number Fusion owners, who like you will be pleased they chose this catamaran above all others.

A catamaran without compromise

With such great performance, one might be surprised at the Fusion 40's luxurious interior.

The interior is light and airy giving the feeling of being on a much larger Catamaran. The panoramic windows give all round visibility for simply enjoying the view or keeping watch.

Designed for space & comfort the galley-up, three stateroom layout, is roomy and well appointed with all the latest amenities.

Built by Fusion's authorised shipyard the Fusion 40 leaves no compromise. The Fusion gives you space to breath inside and out.

The Fusion is not only built to meet the demands of the true yachtsman it is built to meet the demands of the sea.

The Fusion 40 assures the strongest, lightest, safest performance cruising catamaran on the market.

This catamaran will take you anywhere you want to go, in comfort and safety and have a luxurious, spacious place for you and your friends and family to stay when you get there! The boat is easy to move around on uncluttered decks, clean lines with quality fittings and built to compete on quality, safety & performance

The Fusion comes in three options:

Fusion 4 double cabin version with two heads.

Fusion Platinum version with three double cabins and two heads.

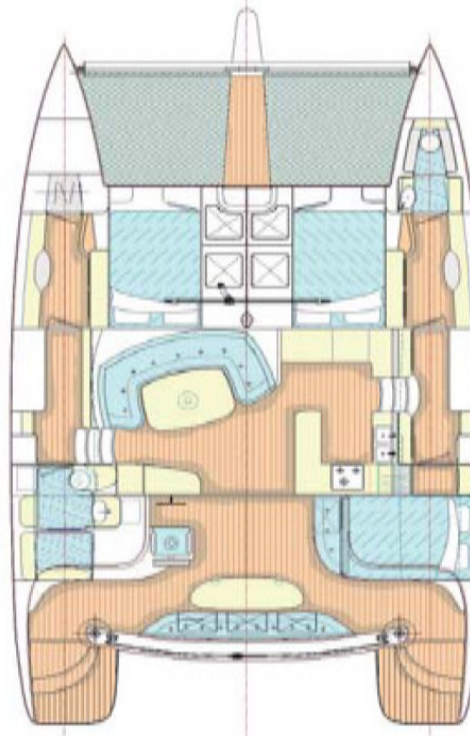

Fusion Fury the sports version with carbon fibre mast boom & crossbeam complete with Dagger boards for superb upwind performance.
